2010 TRANSPORTATION IMPROVEMENTS

The following is a list of “tentative” capital road improvement projects approved, funded and scheduled for 2010. The Public Works Department will also be performing other types of road maintenance however; the following projects are noted as they may, at time, cause temporary delays or detours during the course of the construction phases. The Department will make every effort to accommodate local traffic however, for the safety of you and the workers on the road, please obey all Work Zone Traffic Control Signs, flagmen directives and marked detours. As a reminder all fines are doubled in all Work Zone Traffic areas within the Commonwealth of Pennsylvania. Allow some extra time in your daily commutes to avoid unnecessary frustration while transiting through the work Zones and detours. For more information, contact William Bradford, Superintendent or Dennis Flynn, Foreman of the Public Works Department. Please note “others” than the Public Works Department is performing some of the following projects.

They are identified as follows:

- Limerick Township Sewer Department, (610) 495-6432
- American Water Co. (610) 948-1781
- Pennsylvania Department of Transportation 610-275-2368

**The following Roads Are Scheduled For Surface Treatments
With Minor Base Repairs**

Swamp Creek
Possum hollow
School
Sunset

Others are being evaluated as the harsh winter season ends.

Utility installations are scheduled for the following roads:

South Limerick road, water main installation, Linfield Trappe water main, Ridge Pike Fiber Lines, beginning mid summer and ending mid fall.

Township line road will remain closed until the end of June; follow detour set up by Penn Dot.

Expect delays in those areas also.

Note: All of the projects listed are flexible and subject to change due to budget and or weather conditions, dates and times are “tentative schedules”. Please continue to check our website for changes in road projects.

All of these projects will require the department to perform prep work. Base repairs will take place as well as some of the paving done in house. All of the drainage updates will be done by Township forces, as well as some line painting.

With these projects and our regular maintenance such as road mowing, sign maintenance and sight distance to mention a few, the department will be very busy.

Annual street sweeping is scheduled to begin April 5th and should wrap up by May 4th, weather permitting. Please do not park on the streets from April 26th through May 4th during the times of 7am to 3pm if possible. Crews will not return to sweep areas where cars had been parked.

Crews will also be performing line painting through out the summer, please avoid driving on fresh paint.

During the busy Spring and Summer months please obey all Work Zone Traffic signs, the crews are busy making the roads safe for all to travel. Help us to help you, lets all be safe!

NOTICE:

Limerick Township Public Works Department will be applying vegetation and weed control products within the Township. Products applied will include, but not limited to: Escort, Plateau, Clean Cut, Glyphosate, Dry defoamer and 41-A drift control. These products will be applied to areas around signposts, utility poles, guide rails, culverts, inlets, curbs and sight lines within Township right of way.

Spraying will begin; weather permitting, early May 2010. For additional information, contact Jim Michener at 610-495-6432 x 318
